

The **Mishawaka Network Studio** at Mishawaka High School was one of our major projects this past year. This state of the art studio teaches students the skills necessary for production of on-air work used in radio, TV, and other digital formats.

2022 fundraisers including the golf outing below make these projects possible for MHS students to succeed.

The **5th annual Chip in for Education** golf benefit took place July 11, 2022, at the beautiful Morris Park Golf Course with 116 golfers, 32 sponsors and several donors who helped make this year's event a fun and huge success! With many thanks to ALL sponsors, participants, donors, and volunteers, over \$60,000 was raised to support Academic Competitions, Fine Arts and Athletics for School City of Mishawaka students!

President's Letter

2022 saw the Mishawaka Education Foundation rebound from the issues of the Covid virus. The ability to schedule more events, without restrictions, allowed us to provide support for more teacher requests. This, in turn, enabled us to award grants totaling \$181,000 to our teachers and School City of Mishawaka in 2022.

With the graciousness of the University of Notre Dame, we were able to host our Growing the Future Dinner in the Dahnke Ballroom. This is a beautiful facility overlooking the football stadium. Despite the rainy evening, the festivities were not dampened as we raised close to \$60,000 at the event. The theme of the evening was "A Night at the Movies". Costumes were encouraged and made this a unique event. Bidding on "silent auction" items was continued during the evening and was responsible for even more income from this event. The success of this evening helped make it possible for the MEF to approve a \$5,000.00 budget line item for Staff Appreciation.

Once again, our annual Golf Outing at Morris Park was able to bolster our budget. This is one of the events where local supporters can contribute to our cause. As always, the MEF organization cannot provide for all of our work. Many local supporters and alumni help us greatly with their donations. All of you share in our success. Your help is essential in providing needed funding for our schools, teachers and students.

Thankfully yours,
Bob Shriner
Past President, Mishawaka Education Foundation

Financial Report as of August 31, 2022

ASSETS

Current Assets:
Cash and cash equivalents \$205,558.94
